## *From the Principal.....*

This Homework Diary has been planned with a view to help you in forming the habit of doing planned work and studying regularly.

Please do not forget to note down, after every period, the instructions which your teachers give you regarding any home assignment for reading or writing.

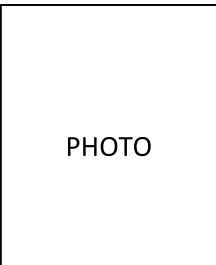

Please fix your hours for home study in consultation with your parents. Whenever you begin your studies at home, first of all read the homework guidelines given by your teachers and work them out before you do other things. This habit will pay you in the long run.

Besides homework notes, this diary contains many other useful pages. Read them carefully and act according to them.

**Do not come to school without the School Diary.**

### **HEALTHY EATING**

School promotes all aspects of being healthy.

Healthy eating is not about no choices, no chocolate and no cheese! It's about getting the balanced diet.

Eating is an important part of life and should be enjoyable. It is the overall balance of your food choice that counts and eating a healthy diet doesn't mean giving up all your favourite foods.

How much and how often are questions we need to ask ourselves. No food needs to be excluded except occasionally for particular medical reasons.

All foods provide some nutrients but they also contribute to the taste, smell, colour, texture and enjoyment of a whole meal. Sharing a meal with friends or family is an important part of enjoying your food.

### **Seven Steps to Healthy Eating**

**Step 1:** Eat a variety of different foods.

**Step 2:** Eat the right amount to maintain healthy weight.

**Step 3:** Eat plenty of foods rich in starch and fibre.

**Step 4:** Eat plenty of fruits and vegetables.

**Step 5:** Do not eat too many foods that contain a lot of fat.

**Step 6:** Do not have sugary foods and soft drinks too often.

**Step 7:** Do not eat too much salt.
